REACH 174 Declaration

Voltage Multipliers, Inc., based in Visalia CA, acknowledges the 174 REACH substances that shall not exceed the maximum concentration limit of 0.1% or 1000 ppm measured by weight.

To the best of our knowledge VMI certifies that our products neither use or add the 174 substances intentionally.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Karen Holland', is written over a horizontal line.

Karen Holland
